1. The reissue oath/declaration filed with this application is defective because it fails to identify at least one error which is relied upon to support the reissue application. See 37 CFR 1.175(a)(1) and MPEP § 1414.

The identification of an error in the Reissue Declaration is not acceptable in that it does not specifically identify the specific claim (by number) and the specific language in the claim that is in error.

2. Claims 1-32 are rejected as being based upon a defective reissue declaration under 35 U.S.C. 251 as set forth above. See 37 CFR 1.175.

The nature of the defect(s) in the declaration is set forth in the discussion above in this Office action.

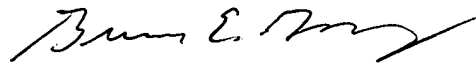

3. The original patent, or an affidavit or declaration as to loss or inaccessibility of the original patent, must be received before this reissue application can be allowed. See 37 CFR 1.178.

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

The examiner-cited art herewith is cited because it was of record in the application on which this Reissue Application is based.
